The total cost during the first year comes to Rs.6,700. A provision of Rs.7000/- on account of the Medical School may therefore be kindly made in the next year's Budget.

4. A skeleton and a set of spare bones and specimens of all the Europe and country Medicines and drugs will have to be purchased and kept. The preparation of dead bodies for dissection is also costly. The provision of Rs.1000/- for equipment and contingencies will not be too much.

(c) 5. In the absence of a suitable building and equipment for a chemical laboratory for the Medical School, I addressed the Inspector General of Education in Mysore and that officer has kindly arranged with the Head Master of the Government High School to give necessary instruction in Chemistry to the Medical Pupils on alternate days in the week between 8 & 10 A.M. The students of the Medical School will accordingly, be made to attend the Science Laboratory in the Government High School, on alternate days for their Chemistry course and a sum of Rs.5/- will be allowed to the lecturer in Chemistry for Contingencies, in addition to his allowance of Rs.50.

6. A Memo showing the rates of allowances paid to the Superintendent and Lecturers of the Medical Schools in Madras is enclosed for information. As directed by Government, the wishes of the proposed lecturers were consulted and the rates of allowances proposed in paragraph 3 above, are in accordance with their wishes.

To

The Secretary to the Government of

H. H. the Maharaja of Mysore,

General Deptt., Bangalore.

Sir,

With reference to your No.768/Med.31-16-11, dated 8th August 1917, asking me to suggest a re-appropriation of -- funds to meet the cost on contingencies of the Medical School, I have the honor to state that a provision of Rs.7,000/-, on account of the Medical School was suggested to be made in the current year's budget in my letter No.G.409, dated 30th May 1917 to Government. But a provision of only Rs.5,000/- has been made in the Budget. Against this sum, the cost on account of the pay and allowances of the staff, as sanctioned in Government order No.7934-6/Med.31-16, dated 15th June 1917 comes to --- Rs.4,400/-.

With my letter of this date, I have submitted two indents for furniture, Instruments and appliances required for the -- Medical School, which are estimated to cost Rs.3,491-8-0.

Thus the total cost comes to Rs.7,891-8-0. A small provision will be required for petty contingencies including the purchase of a set of text books for the Teachers' use.

I therefore request that Government may be pleased to order an additional grant of Rs.3,000/- for the Medical School, the source for re-appropriation being allowed to be pointed out at the beginning of the last quarter of the official year, as it is
